Selling Points

1 World's Thinnest Ultrabook

Introducing the world's thinnest touch Ultrabook™: The Acer Aspire® S7. The S7 is a **razor-slim 0.47"** and a **featherlight 2.86 lbs.**—making it a breeze to take it virtually anywhere!

The strong Gorilla® Glass 2 cover makes the S7 smooth to touch and beautiful to the eye. It's super strong, scratch resistant and easy to clean, and it contributes to the Ultrabook's thin and light form factor. The light-sensing backlit keyboard automatically adjusts for optimized viewing anytime and helps guide your fingers while typing in dimly lit areas, and Acer TwinAir cooling always keeps the machine comfortable to touch and hold.

New Windows 8 has been re-imagined to be all about you. Put what matters most right on your Start screen, and get instant access to your people, apps, sites and more, so you can spend less time searching and more time doing. Windows 8 is smooth, intuitive, and designed to let you do what you want, the way you want.

Low battery consumption thanks to Acer Hybrid Standby Technology provides up to 80 days⁽¹⁾ of standby power. Plus, you can work continuously for up to 6 ho

2 Touch and Show in Full HD

The nimble 13.3" Full HD display features wide viewing angle angles up to 178 degrees. The S7's display opens flat and a hotkey flips the view 180 degrees for easy touch-and-show sharing with a person sitting across from you.

A 10-point touchscreen provides a fun, interactive touch experience backed by impressive mpressive Intel® HD Graphics 4000, delivering crystal-clear images and brilliant color for an exceptional entertainment experience. Enjoy surfing the web, streaming your favorite shows, engaging on social networks and more—all in stunning HD.

Immerse yourself in vibrant theater-quality sound while listening to movies or music with Dolby® Home Theater® v4. Enjoy strong beats or soft melodies over the S7's PC speakers, your headphones or a home theater system. And a single cable using the HDMI™ port on your S7 provides big-screen enjoyment!

3 Ultra-Responsive

Outfitted with a 3rd Generation Intel® Core™ i7 Processor, the S7 Ultrabook™ lets you see and feel the difference in HD or 3D, multitasking or multimedia, for your most demanding tasks. Enjoy the thrill of an automatic burst of speed when you need it with Intel® Turbo Boost Technology. Experience your movies, photos and games smoothly and seamlessly with a suite of visual enhancements built into the processor—no extra hardware required.

Acer Always Connect gets you onto the Internet within seconds⁽²⁾. The Acer Aspire S7 remembers Wi-Fi spots you've used so that, when they're in range, you're instantly connected to the Internet. Just like that, access Instant Messaging, Internet services and email after system resume.

Acer Green Instant On resumes your computing session from sleep in less than 1.5 seconds and from deep sleep in 6 seconds⁽³⁾. Pop back on your PC, and any websites, emails or documents you had open are instantly restored.

AcerCloud enables anytime, anywhere access to all your photos, music, videos and documents on all your devices even across multiple operating systems.

The advanced **1.3 Megapixel HD webcam** produces amazing video image quality at 24 frames per second thanks to high pixel density. Have crystal-clear chats with friends and family across town or across the country, or snap still pictures to share and save—all in high definition!

Pretty, Smart

Positioning Statement

Redefining "portability," Acer introduces the world's thinnest touch Ultrabook™: The Aspire® S7. Available in white Gorilla® Glass 2, its stunning 13.3" Full HD touch display beckons you to be social, get stuff done and have fun. The keyboard auto-illuminates to the perfect glow for comfortable use in dim settings, while Acer TwinAir cooling makes the S7 Series a pleasure to hold.
